REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Sullivan:

I herein submit my eighth annual report as superintendent of schools.

Herbert Spencer told us many years ago that "To prepare for complete living is the function which education has to discharge; and the only rational mode of judging of any educational course is to judge in what degree it discharges such functions."

Today this definition implies not only a knowledge of the "Three R's," a reasonable accuracy in the fundamentals, a workable habit in the mechanics and skills of knowledge, but also an adjustment to conditions which prevailing isms and a machine age have brought upon us.

The propaganda in the form of various isms which are attacking our institutions can be successfully met only through education.

The rising generation must have its intellectual activity aroused and strengthened through the habits of cogent reasoning. They must be taught to think. Teachers must not be content with the when, where and what, but more emphasis and attention must be placed on the why. That is, factual questions alone will not accomplish our ends but we must rely more on reasoning projects rightly directed. The walking encyclopedia of facts is not the educated man of today. For often the facts of the Past become the untruths of the Present, especially in science.

Again, the need for training for leisure has been forced upon us during the last year more strongly than ever before. The unemployment situation is provocative of our most serious

consideration. Labor, today, is calling for the eight-hour day and the five-day week and machines are doing the work formerly done by human brain and muscle.

What will the rising generation do with their leisure time? How can we train the young so that they can utilize their leisure in beneficial rather than in detrimental ways? How can our pupils be taught to be appreciative and to gain enjoyment from reflection, meditation and thought instead of eternally seeking nervous excitation, so called thrills? How can we cultivate in our leisure time an appreciation of the culture which we have inherited from former ages and is available for all of us in literature, in art, in music, in architecture and in the beauty and mystery of nature?

These are questions which challenge our best intelligence, efforts and thought.

PROMOTIONS

The following numbers of promotions were made in June:

Grades,	I	II	III	IV	V	VI	VII	VIII
East No. 1,	1		1	2	4	1	1	1
Center No. 2,		1	3		2	2	4	1
Fifield, No. 3,		1			1	1		5
Totals,	1	2	4	2	7	4	5	7

These promotions were made on the five point basis, viz.: term rank, regularity of attendance, standard tests, judgment of teacher and judgment of superintendent.

The Stanford Achievement Tests were given. Test V was given at mid-year and test W in June. In both tests, the pupils maintained creditable standing in their respective grades. Also the Otis Standard Graduation examination for elementary schools was given to the eighth grade.

The following pupils completed the eighth grade: Carroll E. Pelkey, Dora P. Swett, Dorothy H. Swett, Maurice F. Swett, Dorothy Wright, Laurence McClure and Harold Wilson.

Carroll E. Pelkey, Dora Swett, Dorothy Swett, Maurice Swett and Dorothy Wright continued their school work in the Keene High School.

TEACHERS FOR YEAR ENDING JUNE 30, 1931

East No. 1: Freda W. Hastings, Margaret E. Estes.

Center No. 2: Marion Farnum.

Fifield No. 3: Eleanor Brown, Muriel Gunn, Louise Marquis, Bertha Wright.

Judging from the impressions received on frequent visits of inspection and from results obtained with standard tests, I feel safe in saying that the teachers have maintained a favorable reputation for efficiency in teaching and results in drill work.

The results in all tests showed a normal year's work and the classes well graded.

At the beginning of the present year, the school at the Fifield was discontinued on account of the fewness of scholars. Miss Farnum resigned her position at the Center. Mrs. Wheeler of Peterboro, an experienced teacher, was assigned to the Center school. After a few weeks, Mrs. Wheeler was compelled to resign on account of illness. Since then, the school was placed on the cadet system.

An excellent type of young teachers have been assigned to this school thus far who under the experienced direction of Miss Farnum, the critic teacher, are doing excellent work.

The East school continues under the instruction of Miss Margaret Estes. Both schools, at time of writing, are well organized and give promise of a successful year.

SPECIAL WORK

Dental clinic held at Gilsum, number treated,	2
Underweight clinic held at Keene, number treated,	2
Tonsil and adenoid clinic held at Keene, number treated,	1

Three others made plans for the tonsil and adenoid clinic but were unable to carry them out.

The new State Course of Study was placed in the hands of the teachers in September. This course is an improvement on the old, more extensive, more teachable and will give a more unified and standardized course throughout the state.

In conclusion, I wish to thank the school board, teachers, parents and citizens for their co-operation and support.

Respectfully submitted,
FREDERICK T. JOHNSON,
Superintendent of Schools.
